Dear Mr. Mazur:

Re: Ivano-Frankivsk Student Program

Ukrainian Canadian Congress-Regina Branch has been working with the University of Regina in supporting the Ivano-Frankivsk student program. The purpose of this letter is to ask if your members are prepared to host some of the students from Ukraine in their homes. The students will be arriving in Regina this fall at about the middle of September and will be participating in the University of Regina program for a period of 10-12 weeks.

Hosting families will be obliged to:

- ensure that the student has a means to travelling to and from his/her place of employment. (The University supplies each student with a bus pass) This could mean that they just need to familiarized him/her with the bus routes. There will be two students working at SaskPower and two at the University of Regina. Two of the students will be male and two female,
- provide him/her with accommodations and board,
- work with the UCC-Regina on a 'public participation' program where the students will have an opportunity to participate in various community events during their stay in Regina,
- assist them with acquiring clothing suitable for Regina winters (they are provided by the University with a spending allowance),
- ensuring that they have an opportunity for socialization with their colleagues from Ukraine and with the host,
- ensure that they receive medical attention should the occasion arise (they will have insurance), and
- transportation to and from their place of worship as requested

Please make copies of this letter and provide to your members. If your members have any questions regarding the above, they should contact the undersigned immediately. Yours truly
